glassglobal Hollow Glass Market Report and Study

plants.glassglobal.com

July 2015
We about us: glassglobal Group / the global glass competence

**glassglobal Consulting**

Our internationally renowned team of glass experts helps you analyzing and benchmarking glass production, glass markets and competition. We also help diversifying production, improving efficiencies and competitiveness.

**glassglobal Engineering**

Our engineering team researches and develops innovative and unique systems like the ggENOx and ggDAS to reduce energy costs, critical pollutants (with NOx in particular) and/or to enhance glass quality with a focus on primary measures.

**glassglobal Community**

www.glassglobal.com is the leading portal for the international glass industry. Over 360,000 visitors/month use the portal as an expert marketing channel, browse the portal to get updated information, execute researches or successfully trade equipment or glass.

**glassglobal Trading**

The trade platform is an international business area, dedicated to the trading of glass production and processing equipment and glass of any kind, supported by our expert team of glass engineers to find suitable customers and suppliers.

**glassglobal IT-Services**

Professional realization of all elements in websites from presentations to calculations, from design to CRM. Our expert team supports industry-related design, keyword programming, search engine optimization and target oriented customer approach.
Hollow Glass Production Companies Database

- More than 500 Groups and Companies
- More than 700 Locations
- More than 1,100 Furnaces
- Beverages & Food
- Pharma & Cosmetics
- Others
Hollow Glass Production Countries Database

- Almost 90 Countries
- More than 80 million tons Production Per Country and Region
- Principle Savings
- Recycling

plants.glassglobal.com

Your gateway to the international glass producing industry

Data from glass producers worldwide:
- Production capacities in regions and countries
- Furnaces, furnace types, suppliers, years of construction
- Glass types and sub-types, products
- Financials from global players
- Production data
- Demoscopic data
- Import and export data
- Forecast about future glass consumption in all regions

What's in it for you?

glassglobal Plants provides you with the access to these data. Find potential customers according to your personal selection within a minute, find companies to approach, display them on a map and contact them directly.

Responsive programming for the display on PC’s, tablets and mobile phones

Welcome

Dear Mr. Knut All,

Welcome to glassglobal Plants

If you need any assistance, or for your suggestions to improve our service, please send your message. Or give us a call at +49 (0)211-280733-0.

In order to get a quick access to your requested information respectively to your target group of glass manufacturers, please select what you would like to do:

- Find glass manufacturers and their furnace data
- See financials from glass manufacturers
- See production data by countries
- See import and export data by countries
- See demoscopic data selected by category
- See demoscopic data selected by country
- See the company profiles from our partners
- Read the texts in the study
- Read news from hollow glass manufacturers

Direct links to preferred options, projects from glass producers, news about glasstec exhibition and the glass industry.
Zoom the map to find production locations. The picture with clusters will change to single blue factory icons. Click an icon and see the company profile with address, contacts, furnaces data, products and history.
